Introduction to COLOTRUST Investment Policies

COLOTRUST is a statutory trust organized and existing under the laws of the state of Colorado in accordance with the provisions of the Investment Funds Local Government Pooling Act (Part 7, Article 75, Title 24, C.R.S.), the Funds Legal Investments Act (Part 6, Article 75, Title 24, C.R.S.), and the Public Deposit Protection Act (Articles 10.5 and 47 of Title 11, C.R.S.). COLOTRUST is registered with the Securities Commissioner of the State of Colorado as required by the Local Government Investment Pool Trust Fund Administration and Enforcement Act (Part 9, Article 51, Title 11, C.R.S.)

COLOTRUST provides a professionally managed investment program for local governments. The general objective of COLOTRUST is to generate a high level of current income for the Participants while maintaining liquidity and preserving capital by investing only in instruments authorized by the Statutes.

No assurance can be given that COLOTRUST will achieve its investment objective or that any benefits described in the information statement will result from the investment of moneys in COLOTRUST.

COLOTRUST is specifically designed for Colorado governmental entities. Accordingly, COLOTRUST has limited its portfolios by investing only in instruments permitted under the Legal Investments Act (Permitted Investments). The COLOTRUST Board of Trustees maintains investment policies for COLOTRUST that are, by nature, more restrictive than the Legal Investments Act. Participants receive 30 days prior notice of any changes in the investment policies.

COLOTRUST currently offers two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+.

PRIME Investment Policy

This Investment Policy restricts the COLOTRUST PRIME portfolio to the following:

Any security issued by, fully guaranteed by, or for which the full credit of the United States Treasury is pledged for payment:

- The maximum final maturity per fixed United States Treasury investment is 13 months (397 days).
- The maximum final maturity per floating United States Treasury investment is two years (762 days).

Any security issued by, fully guaranteed by, or for which the full credit of the following is pledged for payment: The Federal Farm Credit Bank, the Federal Land Bank, a Federal Home Loan Bank, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Export-Import Bank, the Tennessee Valley Authority, the Government National Mortgage Association, the World Bank, or an entity or organization that is not listed in this paragraph but that is created by, or the creation of which is authorized by, legislation enacted by the United States congress and that is subject to control by the federal government that is at least as extensive as that which governs an entity or organization listed in this paragraph. No subordinated security may be purchased pursuant to this paragraph.

- The maximum exposure per U.S. government related/guaranteed issuer is 33%.
- The maximum final maturity per U.S. government related/guaranteed fixed-rate investment is 13 months (397 days).

- The maximum final maturity per U.S. government related/guaranteed floating rate investment is two years (762 days).

Repurchase agreements and tri-party repurchase agreements with member banks of the Federal Reserve System and/or dealers in U.S. Government Securities that have a short term issuer credit rating (actual or imputed) of at least A1 by S&P Global Ratings.

No more than 25% of the portfolio may be invested overnight with any one counterparty unless the counterparty is rated A-1+ by S&P Global Ratings, then no more than 50% of the portfolio may be invested overnight with such a counterparty.

A Master Repurchase Agreement (e.g. The Bond Market Association standard agreement, 1996 version) and applicable COLOTRUST annexes must be signed by all parties and on file prior to executing any transaction.

Tri-party repurchase agreements are permissible with COLOTRUST Board approved counterparties and third party custodians (acting for both the party and the counterparty). These third party custodians are not permitted to hold deposits for COLOTRUST and are therefore not required to meet the Colorado PDPA requirements.

Written tri-party custodian agreements (in addition to The Bond Market Association 1996 standard repurchase agreement) must be signed by all parties and on file prior to executing any transaction.

Collateral (purchased securities) shall be limited to the following and shall be indicated as such on Schedule 1 'Schedule of Eligible Securities' of

the tri-party custodian agreement: U.S. Treasuries (bills, bonds, notes, strips) Federal National Mortgage Association (FNMA), Federal Home Loan Banks (FHLB), Federal Home Loan Mortgage Corporation (FHLMC), Federal Farm Credit Banks (FFCB), GNMA I/II Single Family, GNMA I/II Others-Fixed Rate, GNMA I/II Others, Adjust Rate and Agency Mortgage Backed (Pass Through-Fixed Rate and Pass Through-Adjustable Rate).

Term repurchase agreements (TRA) are considered eligible investments under the following conditions:

- For TRAs between two to five business days, a maximum of 10% of the portfolio with any one dealer.
- For TRAs with maturities of more than five business days, a maximum of 5% of the portfolio.
- TRAs shall not exceed 30 calendar days.
- TRAs shall fulfill all requirements of the 1996 version of The Bond Market Association master repurchase agreement.

The Repurchase Agreements between COLOTRUST and the various approved counterparties require that the aggregate market value of all purchased securities from any particular counterparty be at least 102% (the margin) of the aggregate purchase price of the purchased securities.

The Board recognizes that market fluctuations constantly increase or decrease the value of securities; that there is value in maintaining ongoing, positive relationships between COLOTRUST and the various counterparties; that accepted practice in the industry allows

minor deviations from strict application of margins; and that there is a cost of changing collateral securing repurchase agreements. For those reasons, the Portfolio Manager may use discretion before directing that a counterparty supply additional purchased securities until such time as the margin falls below 101.5%. If the aggregate collateral level of the counterparty falls below 101.5%, the portfolio manager shall notify the counterparty to provide sufficient additional securities to restore the margin to at least 102%. The portfolio manager will require additional collateral to return the margin to at least 102% on the next business day.

Any deposit that meets the requirements in the Public Deposit Protection Act under CRS 11-10.5-107, et seq.

Any money market fund that is registered as an investment company under the Federal Investment Company Act of 1940, as amended, if at the time COLOTRUST invests in such fund:

- The investment policies of the fund include seeking to maintain a constant share price;
- No sales or load fee is added to the purchase price or deducted from the redemption price of the investment;
- The investments of the fund consist only of securities with a maximum remaining maturity as specified in rule 2a-7 under the Federal Investment Company Act of 1940, as amended, or any successor regulation under such act regulating money market funds, so long as such rule 2a-7 is not amended to, or such successor regulation does not, increase the maximum remaining maturity of such securities to a period that is greater than

three years, and if the fund has assets of one billion dollars or more, or has the highest current credit rating from one or more nationally recognized statistical rating organizations;

- The dollar-weighted average portfolio maturity of the fund meets the requirements specified in rule 2a-7 under the Federal Investment Company Act of 1940, as amended, or any successor regulation under such act regulating money market funds, so long as such rule 2a-7 is not amended to increase the dollar-weighted average portfolio

maturity of a fund to a period greater than one hundred eighty days.

The portfolio manager will require additional collateral to return the margin to at least 102% on the next business day.

Any security that is a general or revenue obligation of any state of the United States, the District of Columbia, or any territorial possession of the United States or of any political subdivision, institution, department, agency, instrumentality, or authority of any of such governmental entities. At the time of purchase, the security must be rated in one of its two highest rating categories by two or more Nationally Recognized Statistical Rating Originations that regularly rate such obligations.

- The maximum exposure per municipal issuer is 5%.
- The maximum final maturity per municipal investment is 13 months (397 days).

Any corporate or bank security denominated in United States dollars that at the time of purchase carries at least two credit ratings from any of the Nationally Recognized Statistical Rating Organizations (NRSROs) that is not rated below AA- or Aa3 or their equivalents.

- The maximum exposure per corporate or bank security issuer is 5%.
- The maximum final maturity per corporate or bank security fixed or floating rate investment is 13 months (397 days).

Commercial Paper or Bankers' Acceptance

denominated in United States dollars that at the time of purchase carries at least two credit ratings from any of the NRSROs and is not rated below A-1, P-1, or F-1.

An Approved Commercial Paper List will be maintained by the investment advisor designating those commercial paper names that are eligible for investment by COLOTRUST PLUS+. All additions to this list must be approved by the Board of Trustees.

At the time commercial paper is purchased:

- No more than 50% of the portfolio may be invested in A1/P1 issues with maturities beyond seven days.
- No more than 5% of the portfolio may be invested in any single commercial paper issuer.
- The portfolio may not own over 5% of any issuer's total commercial paper program.
- Any deposit that meets the requirements in the Public Deposit Protection Act under CRS 11-10.5- 107, et seq.
